Rhode Island Coalition
for the Homeless

Communications Request for Qualifications
Answered Questions
Released: November 24th, 2019

1. **Is the purpose of the media campaign to education constituents on the program so that they can influence their reps before/during the legislative session?**

The purpose of this communications project is multifaceted, we hope that we can:

- Increase public understanding of homelessness
- Develop and encourage public engagement in the fight to end homelessness
- Increase public and stakeholder understanding of Pay for Success and social impact bonds
- Organize constituents and communities in support of Pay for Success
- Educate legislators and promote Pay for Success

2. **Was someone hired for this campaign last year? Wondering if this is a continuation of the position, and if so, would we have access to information on what worked well with that communications strategy, and where things could have been improved?**

The Coalitions has had dedicated communications staff in the past, but not for several years. Last year the communications work was conducted by our Policy Analyst and Executive Director. Access will be provided to prior materials and planning for this years communications calendar will be informed by prior strengths and weaknesses.

3. **If there is a record of any votes related to this issue, will you share data on the response vs. campaign activity?**

A record of the vote is provided in the following pages. Ultimately it was 55 against, 2 abstaintions, and 18 in favor.
